BEEF UP YOUR PERFORMANCE!!

FORD F SERIES TRUCK, EXCURSION AND VANS

BRAND NEW HIGH OUTPUT FORD 6G Series 200 Amp ALTERNATOR

Supplied with a smaller billet overdrive pulley. This smaller diameter pulley will allow a much greater output at engine idle speed.

*With the newest **High Amp Alternator** technology available, our 8307HD200 alternator has proven high performance and reliability in the most demanding applications. This alternator is a direct fit for many Ford F-Series, Excursion and Vans applications from 2000-2007. This alternator is constructed using the best high output components available on an OE platform. It produces more power at lower engine speeds compared to any of the smaller alternators. This is an excellent option for all your stereo, lighting and high amp demands.*

(8307HD-200)

APPLICATIONS 2002-2007:

FORD:

F SERIES TRUCK

EXCURSION

VANS

With 6.0 and 7.3L Engines

Replaces # 7796, 8306 and 8316

*For safety and improved performance we recommend installing our fused 4 gauge 250A. Fuse block Wiring kit to allow a maximum current flow to your battery. **Kit Part# 79-250A***
